

# OPERATION BREAKTHROUGH

An early intervention treatment program and DUI Education protocol offered in a convenient weekend format.

Our non-judgmental approach helps move people toward reducing high-risk behaviors and making a personal commitment to change.

## The Program

After years of listening to feedback from clients who described traditional substance use programs as unimaginative and lacking inspiration to change, the team at Columbia Treatment Center created a program that would have an impact on one's motivation to replace unhealthy relationships with alcohol and other substances with tools to realize and sustain the changes they hope to make.

## Licensed since 2005

This program has been licensed by the Maryland Department of Health, Behavioral Health Administration as a DUI Education Program and Early Intervention Level 0.5 Program.

## Sessions

This program is offered monthly.

Contact the office for specific dates and times.

All sessions held on Webex,  
A HIPAA Compliant Software Program

## Your Instructors

- Litsa Williams, LCSW-C
- Mandy Smith, LCPC, SAP

## How to Enroll

Call us to set up an evaluation to determine eligibility.
